Dance Movement Therapy Fees Guideline

This is the suggested dance movement therapy fees guideline, and it will be reviewed by the therapist every six months. The therapist is happy to consider your circumstances as well and discuss with you regarding the fees, so that it will be mutually beneficial.

For NDIS participants, there is a fee guideline separately that accords with the Pricing Arrangement and Price Limits ([NDIS Pricing Arrangements Price Limit 2021-22.pdf](#)) by the NDIS.

If the individual wishes to continue after the one-off taster session, this can be counted as a single session to be included in a block of three (3), six (6) or ten (10) sessions. The fee will be adjusted to reflect this.

Type of Sessions	Fees	Total
One-Off Taster Session		\$140
Three (3) Sessions	\$120 X 3	\$360
Six (6) Sessions	\$110 X 6	\$660
A block of Ten (10) Sessions	\$100 X 10	\$1,000

The next review of the fees guideline will be **01/06/2022**.

Thank you for your understating. Should you have any questions, please contact me via email at info@intertwinebodymind.com.
